

# **KOMEDIA – STUDIO**

## **Venue Specifications**

### **CAPACITY**

The Studio Bar at Komedia is an intimate small scale venue. Capacity is 80-100 seated (depending on layout and stage size) and 140 standing (additional guest list available on top of standing events).

### **STAGE**

The stage is fully draped in black wool serge curtains and is 3.5m deep by 3.5m wide. Lifting the rear drape, as we do for live gigs, makes the depth 3.8m. Stage floor to ceiling is 2.5m, the stage is 40cm high from the auditorium level.

### **Load in**

Regent Street BN11UX, red double fire doors half way down the street on the left. Ring Komedia bell for access, roll in on same level.

### **SPEAKERS**

The FOH rig is a pair of D&B C690 full range speakers flown, powered by E-Pac amps and two Noise Control Audio VSB 215 sub-woofer powered by a QSC RMX 2450 amp.

Monitors: 4 way mix, 4 matching DAS audio Action 12's. 2 x QSC 1200w amps. Extra sends available for IEM's etc.

### **FOH SOUND**

[MIDAS M32 Digital Console](#) (analogue multicore)
